WORK EXPERIENCE

BusySquirrels   **Remote**
Front End Developer Intern   *August 2021 - Present*
- Work with a team of 6 developers to build a unit testing infrastructure for a client web application, reducing the number of reported bug issues by 20% over the month.
- Design mockups and prototypes using Figma to strengthen designs, improve user experiences and improve site interactions.
- Create user interfaces using HTML, CSS and modern JavaScript frameworks such as React and one of React's libraries, Material-UI, to build reusable components.
- Implemented prototype designs and monitor web pages and sites for continuous improvement in a fast-paced environment.
- Take ownership of tasks to raise questions and risks early, find creative solutions, and bring them to completion.

Software Developer Student   **Remote**
Front End Developer   *January 2020 - August 2021*
- Completed courses on front end of web creation, with heavy emphasis on JavaScript and little bit of back end thrown in for good measure.
- Create projects from the ground using the 100+ hours that was learned from over the coursework.
- Conducted testing and review of website design for responsiveness, clarity and effectiveness.

Starbucks   **Sacramento, CA**
Barista   *August 2017- December 2019*
- Accommodate with employees in creating a positive culture for over 50 unique customers, including regular customers, by engaging them with pleasant calls so that they may have a satisfying experience.
- Implement verbal skills with customers to effectively increase sales of beverages and food by determining their needs and preferences.
- Craft beverages with speed and accuracy, earning 95% customer satisfaction.
- Promote Starbucks' rewards program to new and returning customers, exceeding monthly enrollment goals by 5%.
- Display over 10 seasonal items and merchandise to promote limited edition offerings and attract new customers.
